Yarding Change 919
-74

comparison date 04/09/2018

There was a smaller yarding of 919 head, comprised of a good supply of young cattle, a small penning of grown steers and heifers and a good yarding of cows. Quality of the young cattle was mixed with several pens of supplementary fed yearlings, along with a fair number of plainer quality weaners and yearlings. However, there were several pens of well-bred cattle through the sale.

The market improved, with weaner steers reaching a top of 317c/kg. Trade yearlings met strong wholesale and butcher demand, as trade yearling steers sold from 292c to 317c/kg. The heifer portion made from 258c to 302c/kg.

The yarding of export cattle consisted of a few pens of well finished grown steers and heifers. Grown steers sold from 256c to 311.2c/kg, with the young steers going to local wholesalers. Heifers topped at 274c/kg. There was another outstanding run of crop finished and supplementary fed cows in the sale this week, however there were also several pens of plain conditioned cows. The market was 10c dearer for most cows, with 3 score medium weights making from 205c to 237c, while heavy cows sold from 242c to 262c/kg.
