Yarding Change 1186
226

comparison date 06/11/2018

Numbers increased by 226 for a yarding of 1,180 head of cattle at Warwick this week. The yarding consisted of a good supply of yearling cattle, while cows dominated the grown cattle section. The yarding of young cattle was made up of a larger number of yearling steers and a good supply of heifers. Quality was mixed, although there was some good runs of well bred yearling steers suitable for feeders, and the lighter steers were acquired by backgrounders and restockers. Heifers went mainly to feeders and backgrounders and there was a small offering of trade heifers that were acquired by butchers and wholesalers.

Competition was stronger for feeder steers, with the heavier end attracting the keenest demand, however medium weight steers also sold to a dearer trend, as did the well bred background steers. Medium and heavy weight feeder steers were 10c to 20c dearer, with medium weights reaching a top of 326c for an average of 312c/kg. Heavy feeder steers sold up to 325c, with most sales averaging approximately from 314c to 317c/kg. Feeder heifers were up to 15c dearer in places, for an average of 287c, topping at 304c/kg. The small offering of trade heifers sold to 305c/kg.

The yarding of export cattle consisted of a small offering of grown steers and heifers, and a fair penning of cows. There were some well finished cattle through the sale, although there was also a fair number of plainer grades offered. Grown steers held firm reaching a top of 315c, while heifers sold up to 279c/kg. The cow market was firm to slightly dearer, with 2 score medium weights averaging 216c, while the 3 score medium weights averaged 231c and heavy cows sold to top of 247c/kg. Heavy bulls sold to 264c/kg.
