## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Warwick

report date 27 Nov 2018

Yarding Change 1477  
225

comparison date 20/11/2018

The supply of stock increased by 18% to 1,477 head and there was a wide variation in quality of the young cattle. A short supply of heavy grown steers to export slaughter were penned however a relatively large sample of cows came forward. A fair panel of buyers covering all classes was present and operating. Light weight yearling steers and heifers returning to the paddock could not maintain the levels of the previous sale and lost up to 19c/kg. However medium and heavy weight yearling steers to feed were in demand and a better quality line up improved in price by 12c and up to 18c/kg in places. Medium weight yearling heifers to feed experienced very little change in price. Heavy grown steers to export slaughter sold to strong demand. Cows generally sold close to the previous week's level.

Light weight yearling steers returning to the paddock made to the occasional 310.2c with a good sample averaging 273c and lesser quality lines mostly sold around 242c/kg. Medium weight yearling steers to feed made to 325.2c to average close to 306c/kg. Heavy weight yearling steers to feed made to 316.2c to average 312c to 315c/kg. Light weight yearling heifers mostly sold in the mid-240c range with sales to 275.2c/kg. Medium weight yearling heifers to feed averaged 270c and a few to the trade made to 290.2c/kg.

The younger end of the heavy grown steers to export slaughter made to 315.2c to average 307c with some 6 tooth classes making to 302.2c/kg. Medium weight 2 score cows averaged 206c and made to 219.2c/kg. Good heavy cows averaged 249c and sold to 258.2c/kg in pen lots. Heavy bulls made to 264.2c/kg.
