

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 22 Jan 2019

Yarding Change 1799
-13

comparison date 15/01/2019

Numbers experienced very little change from the previous week. Overall quality was very mixed, and included in the line up were close to 500 cows. The usual panel of buyers were present and operating across all classes, however restocker buyers continued to operate very selectively. The better end of the light weight yearling steers returning to the paddock met fair demand, while the lesser quality lines were discounted. Good quality medium and heavy weight yearling steers to feed improved in price, and a small selection to the trade sold to a dearer trend. Medium weight yearling heifers attracted fair demand from feeder operators. Heavy grown steers and bullocks were too small in numbers to reliably quote. The large sample of cows averaged from 9c to 14c/kg less.

Well presented vealer heifers to local processors made to 289c, with lesser quality lines from 170c to 188c/kg. Light weight yearling steers returning to the paddock made to 270c, to average 261c, while poor quality lines experienced a difficult market, to average from 205c to 220c/kg. Medium weight yearling steers to feed made to 287c, with the largest sample averaging 270c/kg. Heavy weight yearling steers to feed made to 292c, to average 285c, with local trade lines making to 313c/kg. Light weight yearling heifers to feed or background averaged 234c, with the poor quality lines averaging 168c/kg. Medium yearling heifers sold to feeder operators at an average of 232c, and made to 244c/kg. A small sample of heavy weight yearling heifers to feed averaged 247c, and made to 253c/kg.

A lot of heavy grown steers to export processors made to 270c, to average 264c/kg. Medium weight 2 score cows averaged 159c, and made to 170c, and 3 scores averaged 180c/kg. The best of the medium weights averaged 195c, and made to 200c/kg. Good heavy cows sold to average 206c, with isolated sales to 217c/kg.

200c/kg. Good heavy cows sold to average 200c, with isolated sales to 217 c/kg.
