Yarding Change 2379
833

comparison date 29/01/2019

Numbers climbed to 2,379 head, the highest level since March 2014. Overall quality was very mixed, and young light weight cattle were in the largest numbers, however close to 700 cows were included in the line-up. A full panel of export buyers was present and operating, with some additional restockers in the cow section, plus the usual feeder and trade buyers. Light weight yearling steers returning to the paddock sold close to the previous weeks' level. Medium and heavy weight yearling steers to feed experienced fair demand. Light weight yearling heifers sold to a cheaper trend, however medium and heavy weight yearling heifers to feed received very little change. Despite the very large yarding of cows, prices generally improved by 5c to 10c/kg.

Steer calves returning to the paddock made to 264.2c to average 232c, and heifer calves averaged 175c/kg. The occasional vealer steer with show-ring potential made to 328c/kg. Vealer heifers to local butchers made to 285.2c, with the largest numbers around 208c to 219c/kg. Light weight yearling steers sold to restockers at an average of 268c with some to 297.2c/kg. The occasional well-bred medium weight yearling steer with show-ring potential made to 351.2c/kg. Medium weight yearling steers to feed made to 278.2c to average 268c/kg. The best of the heavy weight yearling steers to feed made to 279.2c to average 272c/kg. Light weight yearling heifers mostly sold around 194c to 202c, and poor quality lines average 150c/kg. Medium weight yearling heifers to feed made to 245.2c to average 234c/kg. Heavy weights to the trade made to the occasional 295.2c to average 255c/kg.

A handful of heavy grown steers made to 291.2c to average 288c/kg. Medium weight plain condition cows sold to restockers at an average of 158c with some to 179.2c/kg. Medium weight 2 score cows to processors averaged 175c with the occasional sale to 195c/kg. A large number of good heavy cows made to 232.2c to average 226c/kg. Heavy bulls made to 268.2c/kg.
