Agents today had a slightly larger yarding of both sheep and lambs meeting the buyers. The breakdown of the lamb numbers saw a limited number of good trade and export types available, this led to a larger than usual increase in the price paid for these trade types. The larger section of the lamb numbers were in the store and feed on types and whilst the numbers were there the lambs were mainly too light to go onto grain and were mainly suited to paddock re-stockers. Lambs topped at \$199 to average \$118.61, hoggets topped at \$137 to average \$109.69, ewes topped at \$108 to average \$56.53, wethers topped at \$94 to average \$85.24. The lambs were mainly drawn from the local and Traprock areas with a few consignments from the Border Rivers regions.
