Yarding 2429
Change 932

comparison date 02/04/2019

The supply of stock increased by over 900 head to 2,429 head. A much larger number of cows were penned, and only a handful of heavy grown steers and bullocks, and there was a large increase of mixed quality young cattle penned. The usual panel of buyers was present and operating across all classes. Lightweight yearling steers returning to the paddock sold to a market 9c/kg cheaper. Medium and heavy weight yearling steers experience very little change for the quality penned. Light weight yearling heifers sold to a cheaper trend with poor quality classes losing 34c/kg. Medium weight yearling heifers to feed averaged 10c to 25c/kg less, however local trade lines received very solid support. Lightweight poor condition cows were noticeably cheaper, while the medium weight 2 scores average 10c less, and good heavy cows lost 8c/kg.

Steer calves returning to the paddock made to 236.2c to average 230c, and poor quality mixed sex calves averaged 134c/kg. Vealer heifers to feed averaged 237c with the occasional sale to local butchers reaching 279.2c/kg. Light weight yearling steers returning to the paddock made to 289.2c with a large sample averaging 253c, and poor quality lines 182c/kg. Medium weight yearling steers to feed made to 296.2c with the largest sample averaging 279c/kg. A short supply of heavyweight yearling steers to feed averaged in the high 280c/kg range with some to the trade at 299.2c/kg. Light weight yearling heifers averaged from 190c to 195c and the lesser quality lines average 145c/kg. Medium weight yearling heifers to feed averaged close to 260c, and local trade lines made to 293.2c to average 269c/kg. Heavyweight to the trade made to the occasional 300c to average 260c/kg.

A handful of heavy grown steers to export slaughter averaged 283c and a couple of bullocks made to 285.2c, and full mouth bullocks averaged 228c/kg. Medium weight poor condition cows average 142c, and the better 2 scores average 171c and made to 187.2c/kg. A fair sample of good heavy cows made to 235.2c with most close to 222c/kg. Heavy bulls made to 236.2c/kg.
