

McDougall & Sons Pty Ltd Sheep and Lamb Report

13/11/19

Agents today yarded 3208 head to meet the market which was hot , but not for all the right reasons. The weather was the only thing getting under all parties collars as we saw a yarding that nearly doubled in size to meet a buying panel following the weaker trends seen in the Southern markets as well as online and over the hooks. Lambs topped at \$261 today up \$24 on last week but the average was \$112 a \$40 decrease on last week, hoggets topped at \$160 to average \$95.54 a \$35 decrease , ewes topped at \$155 to average \$69.75 a \$21 drop on last weeks average, wethers topped at \$166 an increase of \$16 to an average of \$118.38 an increase of \$17 as a highlight for the sale. The weather still dictates the market , with a significant number of growers looking to throw the towel in and dispose of some very handy ewe and lamb units.
