

# McDougall & Sons Pty Ltd Sheep and Lamb Report

## 15/1/2020

Agents today yarded 2505 head to meet the market amid the thought and sprinkle of rain. The lambs today topped at \$210 to average \$133 a decrease of \$23, hoggets topped at \$154 to average \$63.79 a \$63 drop on last week, ewes topped at \$151 to average \$65.36 a \$29 drop on last week, wethers topped at \$150 to average \$137.50 a \$47 increase on last week, ram lambs topped at \$170 to average \$105.67 a \$4 decrease. With all the averages falling the market was back on last weeks sale. The main factors being a 3 week lay off with some buyers needing to rapidly top up supply trains and the quality of the yarding as a whole with far more butchers and export types available last week. The only highlight was for the light feed on section as these lambs are in a shorter supply therefore a slight premium in the market for the feed on fresh lambs. Mutton was back from a high with the exporters pulling in their horns except for the odd highly finished article.
