

# McDougall & Sons Pty Ltd Sheep and Lamb Report

## 11/3/2020

Agents today yarded 1766 head up 30% on last week the majority of lambs available were in the light and feed on section, with top lambs today making \$236 to average \$178.60, hoggets topped at \$179 to average \$113.80, ewes topped at \$173 to average \$101.84, wethers topped at \$160 to average \$136.71, ram lambs topped at \$170 to average \$123.59. As the main numbers were in the lighter end of the market this proved to be the most competitive end with both processors and restockers locking horns to push these to a higher rate. The good trade and export weights were in short supply to allow for volume purchases by processors. The mutton market was fully firm to a shade dearer as restockers pushed the processors to try and get stock to return to the paddock.
