

McDougall & Sons Pty Ltd Sheep and Lamb Report

1/4/2020

Falling was both the numbers game as well as prices at the weekly sale as Agents yarded 1294 head to meet a normal panel of buyers to the weekly sale. Constraints were felt as buyers not only had to contend with a smaller yarding as well as the uncertainty surrounding our way of doing business as far as hands on sales and also the problems starting to arise in the trans- shipping of our products both locally and overseas. The lambs today topped at \$237 to average \$159.156(\$10 down), hoggets topped at \$195 to average \$131.65(\$8 down), ewes topped at \$160 to average \$119.01(\$12 down), wethers topped at \$154 to average \$137.27 (\$7 up), lamb rams topped at \$172 to average \$137.64 to average \$137.64 (\$3 down). Mutton seemed to be the least affected in a yarding that offered something for everyone albeit in a smaller scale, good trade and export weights whilst down were still at a better rate than this time last year and allowed a bit of confidence to restockers as well as the vendors.
