

MCDougall and Sons Pty Ltd Sheep & Lamb Report

19/8/2020

Is it the rain or is it the results of the previous 12 months drought ? as numbers fell to 412 head for the weekly sale. There were quite a few restockers looking to regroup but there wasn't enough for them to confidently fill paddocks. Lambs today topped at \$202 to average \$[163.85](#)(\$12 up), hoggets topped at \$171 to average \$[168.40](#)(\$48 up), wethers topped at \$174 to average \$[163.50](#)(\$80 up), ewes topped at \$160 to average \$[115.02](#)(\$8 up). The market was firmer for all types only due to low numbers, some operators were in attendance but could not fill orders. The market was fully firm to dearer for any light and replacement stock, whilst the heavy end and export types are still in limbo.
