### *Sheep and Lamb Report 7/10/2020*

Agents today yarded 1321 head to meet the market, with a few runs of good light lambs and some lines of Merinos and ewe lambs available. With the restocker interest we saw ewe lambs elevated to a top of \$207 with the run averaging \$[195.61](#). Trade lambs today topped at \$200 to average \$[159.11](#)(\$11down), hoggets topped at \$219 to average \$[170.11](#)(\$27up), ewes topped at \$180 to average \$[134.36](#)(\$3 down), wethers topped at \$184 to average \$[129.53](#) (\$5up), lamb rams topped at \$202 to average \$[195.61](#)(\$32up). Statistically the sale figures point to a \$5 drop in the sale average but the yarding was made up of more lighter feed on types as well as light ewe lambs and a good sprinkle of Merino lambs and wethers compared to the last sales runs of trade and export weight lambs. The restockers are still driving the market with feed on and light weight lambs making more cents/kg than the processing lambs to wholesalers and exporters.
