

Mcdougall & Sons Pty Ltd Sheep and Lamb Report

25/11/2020

Agents today yarded 1410 head to meet the local and export buyers. The yarding consisted of a few runs of Western lambs and mutton as well as the local producers. The dry weather is leading to a catch 22 situation with a few growers not wanting to go through what happened with the feed situation last year and there are some light lambs coming to the market quicker than they usually do. Lambs today topped at \$233 to average \$[166.02](#) (\$9up), hoggets topped at \$173 to average \$[151.20](#) (\$19up), ewes topped at \$220 to average \$[123.99](#) (\$4down), wethers topped at \$182 to average \$[167.25](#) (\$35up). The market was stronger with the sale averaging \$8 up on last week. Good runs of both finished and light lambs were keenly sought after as well as mutton with the finished wethers up considerably from the offering last week.
