Sheep and Lamb Report 17/3/2021

The rain came and whilst the feeling amongst the growers was "keep sending it down Huey" it seemed to have the reverse effect on the commercial buyers as they lowered their rates compared to previous sales. The rain also lowered Agents numbers as only 999 head were yarded. Lambs sold to a top of \$220 to average [\\$174.28](#)(\$7down), hoggets topped at \$192 to average [\\$180.23](#)(\$3up), ewes topped at \$192 to average [\\$162.95](#)(\$8up) wethers topped at \$190 to average [\\$151.41](#)(\$11up). The back to the paddock buyers were keeping the rate solid but were also being very selective in their purchases. Ewe lambs back to the paddock topped the sale with \$220 paid for good solid black head Dorper ewes with some frame.
