Sheep and Lamb Report 24/3/2021

Wet, wet, wet, that was the theme of the Sheep & Lamb today at Warwick as floodwaters tended to threaten the supply chain. Sheep and Lamb numbers looked like being beaten by the number of buyers at the sale at one stage but rallied to have 270 head. Lambs topped at \$230 to average \$[174.50](#)(par), ewes topped at \$224 to average \$[197.08](#)(\$17up), wethers topped at \$161 (\$10up).

The usual panel of buyers and exporters were flat to fill orders with most of the ewe and lamb portion finding homes back to the paddock.

Corey Howells sold Dorper x lambs 35kg to Highchester Meats for \$166, 60kg ram lambs to Warwick Meats for \$170, rams to Whites Trading and Tonys Supa Meats for \$168.

Alan Woods sold Border Leicester ram lambs 48kg to Warwick Meats for \$171

Helen Reeves sold Merino wethers in the wool to restockers for \$161

Norm & Beryl Cann sold Dorper lambs supplemented with corn 41.1kg to Highchester Meats for \$192
