

McDougall & Sons Pty Ltd
Sheep and Lamb Report 17/8/2022

Agents today along with the vendors presented a total of 1220 head for the weekly sale. The yarding was of a very mixed quality with a higher than usual number of light and seasonally affected stock making it to the sale. The lambs were drawn from the South West as well as local and New England vendors. The higher proportion of light and feed on lambs saw the market falter after the small forward steps of previous sales. Lambs topped at \$191 to average \$126.17(\$5down), hoggets topped at \$180 to average \$91.05 (\$63down), ewes topped at \$146 to average \$81.98(\$48down), wethers topped at \$152 to average \$87.48(\$34down), rams topped at \$173 to average \$97.25 (\$12down), lamb rams topped at \$160 to average \$148(\$73 up), ewe lambs topped at \$168 to average \$142.17(\$15down). The total yarding averaged \$115.03 drop of \$18/head across the yard.
